Spontaneous Vaginal and Breech Deliveries

Dr. Eryn Hart and Mr. Mark Reinink will present information to best prepare you for a spontaneous or breech delivery pre-hospital or in the Emergency Department. They will provide evidence based instruction to care for the laboring mother, through her delivery. They will also utilize simulated education, on camera during the session to replicate vaginal delivery to best provide this training.

This is the first of a three-part series on Maternal OB Emergencies, which will take place August, September and October of 2023, during the Pediatric Champion office hours.
